

## **St Andrew's Church, Eaton**

As a church we aim to make all our services and events welcoming, inclusive and accessible to all, whatever their individual needs. We recognise that this is an ongoing process and there is always more we can do to be inclusive of everyone.

### **Pledge**

We pledge to continue to work towards:

1. Making the church premises accessible and comfortable for all, with clear signage, lighting, heating and audibility; and with space to walk around, to withdraw and to be quiet.
2. Becoming a dementia friendly community by encouraging church members to attend a Dementia Friendly information session or similar training; and to develop skills to listen and engage with everyone, especially those living with memory loss.
3. Progressing our current ministry for older people, and working with others to include events where people living with dementia/cognitive impairment and their carers can spend time together and have the opportunity to speak to experienced volunteers.
